# Guidelines for setting up Geocaches on Essex Wildlife Trust Reserves

### Essex Wildlife Trust Guidelines

- 1. No geocaches to be placed on our land, without prior written agreement.
- 2. The Cacher must apply using the Essex Wildlife Trust's Geocaching application form.
- 3. All geocaches placed on our reserve must have an educational theme, this could be environmental, historical, geological or ecological
- 4. All geocachers must abide by the guidelines produced by The Geocaching Association of Great Britain.
- 5. The geocaches must not compromise the conservation objectives on our land. This could mean at certain time periods the cache should be removed e.g. bird nesting period.
- 6. Caches may be asked to be temporally closed to allow for reserve management. The Reserve Manager would advise on length of closure or a suitable alternative location.
- 7. Geocachers must follow the `Geocachers Code of Conduct' as produced by The Geocaching Association of Great Britain
- 8. Essex Wildlife Trust will keep a register of approved caches and at any time, can review the placed caches on our land and reserves the right to withdraw consent for caches

## The Geocaching Association of Great Britain Guidelines

- 1. Ensure the cache container is clearly marked, stating that the content is harmless and giving the placers email address or other contact method (e.g. GAGB contact phone number
- 2. Only items that would be deemed safe and acceptable for an unaccompanied child to find should be placed in a cache.
- 3. Caches are possible on Sites of Special Scientific Interest (SSSI) or Scheduled Ancient Monument (SAM) locations if they have permission from the landowner. In addition, the Designating Authorities for the Individual Governments/ Assemblies may be required to be consulted, and may require a formal application. No cache should be placed in such a way as to risk damage or disturbance to any SSSI or SAM.
- 4. When placing a cache, the onus is on the placer to seek the permission of the landowner.
- 5. Caches should be placed in a way that they will not be accidentally found by non-geocachers.
- 6. No items of food or drink of any kind should be placed in the cache.
- 7. Caches should not be buried. Holes should not be dug in order to place a cache.
- 8. Caches should not be hidden in animal holes or runs.
- 9. Cache containers should not be placed inside a polythene bag.
- 10. Fences should never be crossed (other than through a gate or by a stile) when placing or seeking a cache.
- 11. No caches should be of a commercial nature, either in location or content.
- 12. Maintenance of the cache is the responsibility of the placer.
- 13. When leaving the cache site, after hiding or placing a cache, there should be no visual sign of disturbance.
- 14. No cache should be placed in or on a dry stone wall.
- 15. Please do not bring geocaching into disrepute, never drive your car anywhere other than on the highways and byways, and always park legally.
